ZUZA™ supports you with high-end capabilities and creative solutions for your printing needs.

Since our beginnings in 1989, when the company was called Carlsbad Printing Service (and later, CPS Printing), ZUZA™ has continuously sought out new and better ways to meet your needs. As the commercial printing industry has undergone radical changes, we've kept pace to serve you with new technologies, innovations and creative ideas. We bring our passion for excellence to your jobs, whether it's a simple one-color run or a sophisticated six-color job with custom die-cuts.

Today, our 47,000 square-foot corporate headquarters in Carlsbad, CA is home to ZUZA's state-of-the-art printing and mailing facilities, inventory, fulfillment, and our advanced Marketing Asset Management service, helping you manage your company's print and digital communications more efficiently and cost effectively.

To ensure meeting your needs with the highest quality products and services, ZUZA maintains ISO 9001:2015 certification. ZUZA is also your greener printing resource. We meet "chain of custody" certification standards for responsible forest management, offering you a variety of papers with certified forest content procured from FSC® and SFI® certified forests. In addition, we actively recycle our paper stock waste and print with environmentally friendly vegetable-based inks.
